

2021

NATIONAL ENTERPRISES LIMITED

Condensed Financial Statements

As at 31 December 2021

CHAIRMAN'S STATEMENT

For the 9-Month Period Ended December 31, 2021

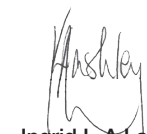

National Enterprises Limited (NEL) has posted profit after tax of \$881 Million for the 9-month period ended December 31, 2021 versus the loss of \$70 Million for the prior comparative period. This also represents an increase of 4% from \$848 Million reported for the six-month period ended September 30, 2021.

NEL's portfolio of investments continue to benefit from the reversal of impairment from the previous three (3) years that recognised

unrealized fair value losses in the portfolio of investee companies. Income from dividends and investment was \$10.7 Million – a 57% decrease from the comparative period in the last fiscal year. This was due largely to reduction in dividends received from investee companies and decline in investment income owing to reduced interest rates. Total assets however increased by \$664M over December 31, 2020 primarily due to fair value increases in NEL's investee company portfolio.

NEL's recent performance is reflective of the cyclical market forces in the energy sector that continue to see surging commodity prices, combined with the promise of overall economic recovery in other sectors as the world learns to cope with the Covid-19 pandemic. This is consistent with the outlook for 5% economic growth in Trinidad and Tobago for 2022. The trajectory for the turnaround in NEL's results is supported by the decisive actions taken over the past two years, emphasising operational efficiencies and innovative solutions, for the realization of increased dividend income and fair value across our portfolio.

NEL continues to strive for balance in its investment portfolio with our efforts to diversify and transform for the delivery of consistent dividend income and increased valuation that will translate into increased shareholder value and generation of wealth.

Ingrid L-A Lashley

Notes to the Condensed Financial Statements

For the nine months ended 31 December 2021

1. Basis of Preparation

These interim financial statements are prepared in accordance with International Accounting Standards (*IAS 34 Interim Financial Reporting*). They do not include all of the information required for full annual financial statements and should be read in conjunction with the audited financial statements for the year ended 31 March 2021. These condensed interim financial statements have not been audited and were approved by the Board of Directors on February 8, 2022.

2. Summary of Significant Accounting Policies

The accounting policies in these unaudited condensed interim financial statements are consistent with those applied in the audited financial statements for the year ended 31 March 2021.
